

BRITISH NEURO-ONCOLOGY SOCIETY ANNUAL MEETING 2021

DAY 1 - THURSDAY 8TH JULY 2021

EDUCATIONAL DAY - PRECISION MEDICINE AND TRIALS

08:45	Registration and exhibition	
09:00	Welcome from BNOS President	Professor Colin Watts
Session 1 - Precision Medicine Trials		
09:05	Keynote speaker - Precision medicine and complex trials	Professor Pamela Kearns
09:35	Keynote speaker - Translating science into trials	Professor Neil Carragher
09:55	The Tessa Jowell BRAIN MATRIX - A platform to support clinical and translational research	Professor Colin Watts
10:15	Q&A	
10:30	Comfort break and exhibition	
Session 2 - Tumour biology		
11:00	Keynote speaker - Animal models glioma	Professor Simone Niclou
11:30	The metabolism of gliomas - From genetics to the microenvironment	Dr Dan Tennant
11:50	Q&A	
12:00	Lunch and exhibition	Sponsored lecture - TBC
13:00	Keynote speaker - Results of precision medicine trial in Glioblastoma	Professor Wolfgang Wick
13:30	Q&A	
Session 3 - Imaging session		
13:40	Advances in multi-parametric imaging in brain tumour	Professor Vijay Sawlani
14:00	Imaging and precision medicine	Dr Gerry Thompson
14:20	Q&A	
14:30	Comfort break and exhibition	
Session 4 - CNS & AHP		
15:00	Keynote speaker - Brain Tumour - Patient and carer survivorship programme	Professor Susan Chang
15:30	TBC: Patient/family survivor	TBC
15:45	Quality of life - Measuring what matters to people living with a brain tumour	Dr Helen Bulbeck
16:05	The Brain Tumour Patients' Charter of Rights	Kathy Oliver
16:25	TBC	Ingela Oberg
16:45	Free paper	TBC
16:55	Free paper	TBC
17:05	Q&A and discussion	
17:15	Closing remarks	Ms Victoria Wykes
17:20	End of day 1	

BRITISH NEURO-ONCOLOGY SOCIETY ANNUAL MEETING 2021

DAY 2 - FRIDAY 9TH JULY 2021

08:15 Registration and exhibition

Session 5 - Paediatric and TYA

08:30	Keynote speaker - Precision medicine in paediatrics/TYA	Professor Darren Hargrave
09:00	Free paper	TBC
09:10	Free paper	TBC
09:20	Q&A	
09:30	Trials update	Professor Michael Jenkinson
09:50	Q&A	
09:55	Comfort break, exhibition and poster viewing	

Session 6 - Adult glioma

10:30	Keynote speaker - Update on WHO classification and DNA methylation of CNS tumours	Professor David Capper
11:00	Q&A	

Session 6 - Adult glioma (Continued)

11:10	Free paper	TBC
11:20	Free paper	TBC
11:30	Young Investigator of the year presentation	Professor Colin Watts
11:50	Q&A	

12:00 Lunch and exhibition

13:00 Keynote speaker - Immunology and cancer, lessons learnt from UK National Lung Matrix Trial

Sponsored lecture - TBC
Professor Gary Middleton

13:30 Q&A

Session 7 - Imaging

13:40	Multi-modal MRI in children's brain tumours	Professor Andrew Peet
14:00	Functional neurosurgical approach for glioma resection and Future GB	Mr Puneet Plaha
14:20	Free paper	TBC
14:30	Free paper	
14:40	Q&A	

14:50 Comfort break and exhibition

Session 8 - Developments in radiotherapy and brain metastasis

15:20	Developments in Boron Neutron Capture Therapy	Professor Stuart Green
15:50	Free paper	TBC
16:00	Free paper	TBC
16:10	Q&A	
16:20	Debate - Controversies in brain metastasis management	Dr Helen Benghiat
16:55	Closing remarks	Ms Victoria Wykes

17:00 Close of conference
